# The Athenian Society

Sisterhood. Strength. Support

## Love from the girls...

*"Athenian Society has been really fun for me the past two years! It's a great safe space and outlet to be open about myself."*

~ Natalie

*"I love Athenian Society because you can vent out your issues without being judged, and sometimes other people might have a solution to your problem."*

~ Nicole

## ...and their parents, too!

*"Creating a safe place for young girls to share ideas and experiences is extremely important and Athenian Society was instrumental in my daughter's development this year. She is excited to be a part of it again."*

~ Rose

*"Athenian Society has been a place for our daughter to connect with amazing friends and receive some really important life skills and peer support. Ms. Tame is wonderful. She really connects with her students and provides a space for the girls to share and learn. I would highly recommend what she has built with The Athenian Society."*

~ Juan
